

FAQ's

1. What is a Customized Curly Cut?

Here at Momo's Head Space, your customized curly cut is performed on your hair BEFORE your head gets to the shampoo bowl. A dry cut allows for a more predictable shape since your curls are cut where they naturally live. Your cleanse, condition, and style are completed AFTER the cut.

2. Do you always cut curls dry?

Typically, most curly cuts are performed on dry hair. However, there are no 'rules' in art and hair! It will be dependent on what the best decision is, based on the individual needs of each guest in the chair.

3. How do I prepare for my Curly Experience?

Kindly arrive for your appointment with your hair down, not pulled back with any ties or clips, and with minimal product if possible. This will enable your waves/ curls to be seen with their true personality and in their most natural state. *Please note that arriving with any of the above may result in your service being rescheduled for a later date.*

4. What is the best way to tame frizz?

Water is always going to be your best friend when it comes to taming frizz. Getting your hair properly hydrated by making sure to give it enough water on the inside is your first step with taming frizz.

5. How can I get enough water inside my hair?

Removing build-up you have on your hair strands will be your first step to this. Once properly clarified, using a silicone-free conditioner to soften the hair cuticle will help to encourage more water into your hair. It will be more about using the conditioner to work the water into your hair strands and less about the amount of conditioner you use, or how long you let the conditioner "sit" on your hair.

6. How can I refresh my curls without doing a full wash routine?

Fill a spray water bottle with water and your favourite silicone-free conditioner. The consistency should be similar to skim milk or almond milk. Use this potion to dampen your curls. Add more products if desired or necessary.
Air dry or Diffuse.

7. How long will it take my curls to get more hydrated?

Everyone's journey is different so this will vary for each individual. Discipline, Intention, and Commitment will play a big part in helping you to achieve your hydration goals.

8. How can I book an appointment? To request an appointment, please email book.momosheadspace@gmail.com. Kindly allow 24-48 hours for a response.
